

~ GOOD Acting Studio Summer Camp Schedule ~

See your child take center stage at the **GOOD Acting Summer Camp**. Discover an oasis of creativity, learning and laughter for campers ages 6-15. Each week your young shining star will collaborate, engage and be inspired as they have the chance to study acting while rehearsing to perform for a small audience of family & friends on The GOOD Acting Studio Blackbox Stage*. Campers will also enjoy theater games, arts & crafts, and much more. If your child loves theatre and drama, this is the camp for you!

**Possibly live-streaming, depending on CDC recommendations at that time. This camp will also be a small group camp with no more than 10 campers per week.*

W1: June 1 - 4 (Tu-F)

Improv Camp I

Improvational Theatre strengthens communication and teamwork as we play acting games and have lots of fun!

W2: June 7 - 11 (M-F)

Creating a Play

Campers will work together to write and act in a short play. Teamwork, creativity, communication, storytelling, and theatre techniques will make an exciting week!

W3: June 14 - 18 (M-F)

Improv Camp II

Improvational Theatre games and scene work: campers will collaborate to think on their feet, enhance their communication and teamwork skills, and create memorable characters onstage. Attending Improv Camp 1 is encouraged but not required.

W4: June 21 - 25 (M-F)**Legends and Folktales**

Campers will explore legends and folktales from cultures around the world. They will decide if and how they are relevant today, and then they choose which ones they'll get to perform on stage! Singers and dancers will have the chance to explore stories of the world through music, as well.

W5: June 28 - July 2 (M-F)**America the Beautiful**

Campers will have the opportunity to select or to write scenes, songs, and poems, and even to create artwork, to describe how they feel about the United States of America and what they hope for its future. This week's performance may include possible song/dance depending on campers' inclinations.

NO CAMP: July 5 - July 9**W6: July 12 - 16****Poetry Week**

Young actors learn about different types of poetry and how to perform it on stage, as well as writing their own verse, drawing picture poetry, and more. We will also have a visit from a few Professional Spoken Word Artists/ Performers!

W7: July 19 - 23 (M-F)**On-Camera Week**

How is acting for the camera different from acting for the stage, and how is it the same? Students will find out during this camp! They will practice auditioning in front of the camera, get expert training and feedback, and gain valuable experience. Mr. Good will be helping out with the hands on training this week!

W8: July 26 - 30 (M-F)**Most Requested**

By the end of the summer, Campers are usually asking for more of certain types of theatre or other activities. We listen! Whether it's more improv, more writing-your-own-play, more on-camera practice, or something else, we'll take note of what the campers have been enjoying most & wanting to do again.
